It is recommended that all riders have a **working rear light**, either flashing or constant fitted to their machine visible to following road users and active when in use.

All riders under the age of 18 years MUST wear recognised standard protective headgear. In the interests of safety it is recommended that all riders should wear a hard shell helmet that meets an internationally accepted safety standard.

Rider Feedback Forms-Riders should note that these forms are available at the hall by the signing on, and can be used by riders/marshals with comments and suggestions that could significantly improve safety.

Thank you for entering the re-launch of the BJW 42km Sporting time trial, we have changed the format a bit by also having a road bike event and being part of the Sporting Time Trial Series. This is a sporting course circuit on usually quiet roads set near the Jurassic coast that has a bit of everything climbs, a prime, descents, technical minor roads, a sense of déjà vue and occasional gun fire across the tank ranges. The circuit is approximately 2+3rd laps you will go through the finish area 3 times during the race the 3rd time you cross the line you have finished.(4 times and you are showing off!).

An apology the event was listed as a 10 mile TT online and in the handbook although the real distance is just under 42k (riders are seeded on their current 10 times). Also there will be a prize for vets' standards although this can't be put on the start sheet using the "ctt startsheet builder" this year.

Road Bike Event to keep to the spirit of the event no tri bars, deep section wheels, discs, pointy hats etc.
